# 2022 Things to See, Find or Do Outdoors Together

Discover together. Share your experience of a landscape through these 22 questions and activities.

#SWA2022newyear

- What kind of story could happen here?
- Find a rock that is more than a rock.
- Find a stick: build something!
- Find a curved form that is in nature.
- Find a human-made curved form.
- Stop where you are: what do your surroundings remind you of?
- Micro focus: take a look at a blade of grass or a butterfly's wing.
- Macro focus: what's the biggest thing you notice?
- What do you notice about other people here?
- What is the highest pitch you can hear?
- Can you find a pattern on the ground or on walls?

How many can you do?

- Find a place to touch water.
- What smells do you notice?
- Look for something soft to touch.
- Find a rough surface.
- Close your eyes: what do you hear?
- Find something spiky or sharp to the touch.
- What is the most interesting shadow you see?
- Look for something red.
- What creatures can you see, or see evidence of?
- Draw something you have seen on the back of this card.
- Find an interesting view—what do you see?
